

# Simplify Your Manufacturing

Empowering Manufacturing with Cutting-Edge Robotics and Automation

Established in 2012, RobotSpace provides hi-tech robotics and automation solutions for Industrial & MSME clients.

RobotSpace was born out of a mission to simplify manufacturing. We are a one stop platform to simplify your manufacturing.

**12+ years**  
Success

**Hyderabad**  
Headquarters

**30+**  
Employees

**Design**  
In-house

**R&D**  
In-house

**Manufacturing**  
In-house

## Focus Areas

### Robotics

- Robotic Cells
- UGV Robots
- AMR Robots
- Cartesian Robots

### Automation

- Custom automation
- Low cost automation
- Packing & Unpacking
- Quality & Inspection

### Industry 4.0

- Factory Digitisation
- Mfg Execution System
- Quality Management System
- Inventory & Warehouse

## Products

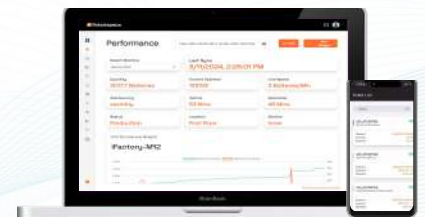

### Legato

A comprehensive automation platform that streamlines operations and enhances efficiency for manufacturers.

### Scoot

An autonomous mobile robot (AMR) designed for versatile tasks such as material handling and transportation.

### iFactory

Monitor your factory from anywhere in the world and Get insights from IIoT & optimize your operations

Hitech City, Hyderabad, Telangana

## One Platform, Many Solutions

Pick & Place

Welding Robot

Material Movement

Machine Tending

AI QC Camera

Debaggng

Laminate QC

Packaging

## Works with your ERP

## Integrates with Machines / Sensors

Armouring Machine

Drum Twister

Extrusion Machine

Energy Meter

Vibration Sensor

Temperature Sensor

Count

Flow Sensor

Pressure Sensor

Weighing Scale

Level Sensor

## Our Customers

Thermo Cables
