

KYOTA
is now
kushiro

R E L A Y S

We at **Kushiro** offer a wide range of high precision relays viz. industrial, automotive, signal, power, solid state, latching etc. We also offer the complete range of matching sockets.

Over the years, we have developed relays according to varied customer's specifications meeting stringent standards of purity of contacts, controlled gaps between contacts, fixed pick & drop/release timings & high tolerance to extend the coil voltage range. All these controls during manufacturing help in minimizing the arcing and thus extending the life of the relays.

We maintain the highest standards of quality control and quality assurance in the production lines with state of art manufacturing & testing facilities. Our relays are tested by ERTL and also UL to meet the high quality and reliability requirements of our esteemed customers. Our mission is simple- strive to provide the best quality of relays at the most competitive prices.

We assure you of all technical as well as logistic support to the best of our abilities, to ensure uninterrupted supply to your assembly lines.

Applications

Automobiles

CCTV Devices & Control Rooms

Energy, Water & Gas Meters

EPBX Systems
and Telecommunications

Home Appliances

Remote Control Devices

Residential & Industrial Electrical Panels

Stabilizers, Online UPS and Agricultural Panels
