AUTOMATION DEAL ROOM

EXCLUSIVE BUSINESS MATCHMAKING PLATFORM
CONNECTING INDUSTRY DECISION MAKERS

A dedicated networking and meeting space designed to bring together **automation solution providers, system integrators, technology innovators, and industrial buyers** for focused business discussions

200+

INDUSTRY BUYERS, PLANT HEADS &
AUTOMATION DECISION MAKERS

Automation Deal Room enables meaningful B2B conversations, helping exhibitors connect directly with companies actively looking for automation solutions across manufacturing, process industries, infrastructure, and utilities

INDUSTRY LEADERS PARTICIPATING INCLUDING

The Automation Deal Room provided an excellent opportunity to meet automation solution providers and explore technologies that can significantly improve operational efficiency in our facilities.

AUTOMATION DEAL ROOM-
Where industrial Buyers
Meet Automation Innovators

INDUSTRY LEADERS FROM AUTOMATION EXPERTS & TECHNOLOGY INNOVATORS

GATHERED IN ONE INDUSTRIAL AUTOMATION ECOSYSTEM

Automation Expo South brings together Global Automation Leaders, Engineers, Technology Innovators, Industry Experts and Decision-makers to explore the future of industrial automation, smart manufacturing, robotics, and digital transformation

Through dedicated knowledge platforms, the expo hosts thought-provoking conference, technology sessions and expert discussions shaping the next generation of industrial innovation

ROBOTS THAT STOLE THE SHOW

ORRY - THE ROBOT

ROBO DOG - THE NEXT GENERATION QUADRUPED ROBOT

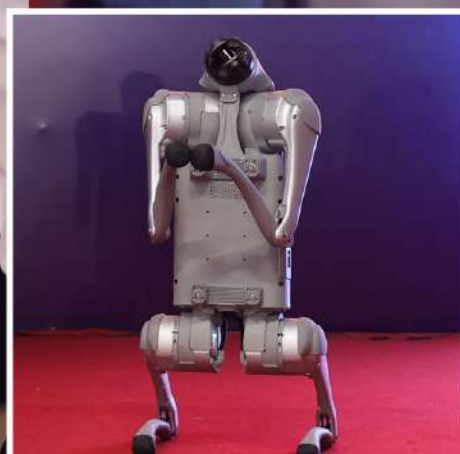

Among the most exciting highlights at Automation Expo South , Robotics innovations captured the attention of visitors as they experienced a glimpse of the future where human and intelligent machines collaborate seamlessly in industrial environments

ORRY- INTERACTION ROBOT

Orry, the Robot, amazed audiences with its human like interaction, AI powered communication, and advanced motion capabilities

Orry represents the next generation of AI driven robotics designed for industries, service environments, and smart workplaces.

A FUTURE POWERED ROBOTICS

The live demonstrations of Orry and Robo Dog highlighted how Robotics and Artificial Intelligence are transforming the future of Industrial Automation, manufacturing and Smart Infrastructure
